St Joseph's College **Anti-Bullying Policy**

BULLYING IN ALL ITS FORMS – VERBAL, PHYSICAL OR RELATIONAL – IS UNACCEPTABLE AND A CONTRADICTION OF THE SCHOOL'S FIRST AIM:

"THAT WE VALUE EACH OTHER AS MADE IN THE IMAGE AND LIKENESS OF GOD"

The law states that: all state schools must have measures in place to prevent all forms of bullying among pupils.

The aim of the anti-bullying policy is to reduce and prevent bullying in and around school and to make the school a safe, secure and caring environment. It is important to make the victims of bullying aware that there is help and support available and that they should not suffer in silence as any form of bullying will not be tolerated. Only when these issues are addressed will pupils be able to benefit from the opportunities available in school.

Philosophy

We believe that for everyone to benefit from our learning community, St Joseph's College should be a place where students, staff, helpers, families and other visitors are made to feel welcome and comfortable and where everyone is treated with respect in an atmosphere free from intimidation.

We believe that all children and young people have the right to protection from harm, neglect and abuse and that their wellbeing is of paramount importance. St Joseph's College aims to ensure good relationships between, and good behaviour towards, all members of its community and that learning and personal development takes place in a climate of trust, safety and confidence.

The college has a system of rewards which aims to motivate and encourage students as well as helping to build individual self-confidence and self-esteem. St Joseph's College values everyone's unique contribution to our community.

Everyone has a responsibility for safeguarding and promoting the wellbeing of all students and all staff have a duty of care, to ensure our students are protected from harm.

Principles

The school will:

- Adopt a multi-strand approach to preventing and tackling bullying: proactive strategies, peers support strategies and reactive strategies.
- Adopt a definition of bullying that is agreed across the school and with stakeholders.
- Have a consistent approach to any bullying incidents that occur.
- Raise awareness of bullying and promote positive relationships based on mutual respect.
- Seek to involve all stakeholders in the implementation and monitoring of this policy.
- Promote positive action to prevent bullying through our PSHE and Citizenship programmes and related activities.
- Provide support for all members of the college community that may be involved in dealing with an incident of bullying.
- Provide appropriate training for both staff and students to support the implementation of the policy across the college.

- Ensure fair treatment for all, regardless of age, culture, disability, gender, religion or sexuality, and encourage understanding and tolerance of different social, religious and cultural backgrounds.
- Address with anyone involved with bullying, their problematic behaviour in a fair and firm manner in line with the college's Behaviour Management policy, providing support to enable them to change their behaviour.
- Report to the police and other authorities where appropriate.

Definition of Bullying

'Behaviour by an individual or group, usually repeated over time, that intentionally hurts another individual or group either physically or emotionally'.

(Department for Children, Schools and Families (2007), *Safe to Learn*)

Bullying is behaviour by an individual or group, repeated over time, that intentionally hurts another individual or group either physically or emotionally

(Preventing and Tackling Bullying, 2014)

There are various forms of bullying which include:

- **Physical** – e.g. hitting, kicking, taking belongings.
- **Verbal** – e.g. name calling, insulting, racist remarks.
- **Relational** – e.g. spreading malicious rumours, excluding individuals from social groups, family feuds brought into school.
- **Cyber** – e.g. use of email, social networking sites, mobile phone messaging to spread rumours, make malicious comments. (further information for reference in appendix 1)

Cyber Bullying

'[Cyber-bullying] is an aggressive, intentional act carried out by a group or individual using electronic forms of contact repeatedly over time against a victim who cannot easily defend him or herself.'

(Department for Education (2006) Research Brief: *An Investigation into Cyberbullying*)

Cyber bullying has similar features to other forms of bullying but also has distinct characteristics:

- There is the possibility of 24 hour contact
- A significant audience can be reached rapidly
- It can be difficult to trace the perpetrators
- The perception of anonymity makes it more likely to say things that would not be said face to face.

St Joseph's College will act wherever possible to support students who are recipients of cyber bullying. In cases where cyber bullying occurs while pupils are outside our direct supervision the headteacher may exercise powers granted by the Education and Inspections Act 2006 that enables them to police cyber bullying carried out by pupils even at home:

'[The headteacher] may, to such extent as is reasonable, include measures to be taken with a view to regulating the conduct of pupils at a time when they are not on the premises of the school and are not under the lawful control or charge of a member of the staff of the school.'

(Education and Inspections Act, 2006: section 90(5))

Although cyber bullying is not a specific criminal offence, there are criminal laws that can apply in terms of harassment and threatening and menacing communications. The headteacher may contact the police if they feel that the law has been broken.

Roles and Responsibilities

The Head Teacher is ultimately responsible for the well being of all students and staff. All staff, students, parents and governors should be made aware of the policy along side awareness being raised of the issues associated with bullying in schools.

The incident will be recorded by the Head of Year and centrally through the college's tracking system. Any staff disclosing information, regarding inappropriate behaviour by colleagues, will be listened to and supported by the senior leadership group.

Key Safety Advice

For Children & Young People

1. Always respect others – be careful what you say online and what images you send.
2. Be very wary when using Snapchat – it's not as private as you might think. You don't know who can see your posts.
3. Don't post pictures that you wouldn't want to be screen-shotted – there are apps that allow screen-shots to be taken on Snapchat for example.
4. Think before you send – whatever you send can be made public very quickly and could stay online forever. If you wouldn't say it, don't type it.
5. Don't 'friend' or follow people in school that you wouldn't speak to in 'real life'.
6. Don't 'friend' or follow people just because your friends are.
7. Treat your password like your toothbrush
– keep it to yourself. Only give your mobile number or personal email address to trusted friends.
8. Block the bully – learn how to block or report someone who is behaving badly.
9. Don't retaliate or reply!
10. Save the evidence – learn how to keep records of offending messages, pictures or online conversations.

3. Use the tools on the service and turn on in-built internet safety features.
4. Remind your child not to retaliate.
5. Remember your child should not have a 'Facebook' account until they are 13 years of age.
5. Keep the evidence of offending emails, text messages or online conversations.
6. Report cyber-bullying:
 - Contact your child's school if it involves another student, so that they can take appropriate action.

When & How to Contact the Service Provider:

<p>Mobile Phones: All UK mobile phone operators have nuisance call centres set up and / or procedures in place to deal with such instances. They may be able to change the number of the person being bullied. Mobile operators cannot bar a particular number from contacting a phone, but some phone handsets do have this capacity. Action can be taken against the bully's phone account (e.g. blocking their account) only with police involvement.</p>	02: ncb@02.com or 08705214000
	Vodafone: 191 from a Vodafone phone or 08700700191 for Pay Monthly customers and 08700776655 for Pay as you Go.
	3: Call 333 from a 3 phone or 08707330333.
	Orange: Call 450 on an Orange phone or 07973100450 for Pay as you Go, or 150 or 07973100150 for Pay Monthly.
	T-Mobile: Call 150 on a T-Mobile phone or 08454125000. Video-hosting sites:
<p>Social networking sites (e.g., Facebook, Instagram, Twitter): It is good practice for social network providers to make reporting incidents of cyber-bullying easy, and thus have clear, accessible and prominent reporting features. Many of these reporting features will be within the profiles themselves, so they are 'handy' for the user. If social network sites do receive reports about cyber-bullying, they will investigate and can remove content that is illegal or break their terms and conditions in other ways. They can delete the account of those who have broken the rules.</p>	<p>Facebook: Once you are on the person's page, click the "..." button. The "..." button is located at bottom right hand corner of the cover photo. It is next to the buttons "Add Friend" and "Message." Once you click the "..." button, a window will pop up. On this window, find "Report" and click it.</p>
	<p>Instagram: To report someone's account, go to their profile and click next to their username. Select Report user. Then click the type of account you want to report and follow the on-screen instructions. To report a post, click below the post. Then click Report inappropriate and follow the on-screen instructions. Keep in mind that you can also report abuse while using the Instagram app.</p>
	<p>Twitter: Navigate to the Tweet you'd like to report on twitter.com or from the Twitter for iOS or Android app. Click or tap the icon. Select Report. Select It's abusive or harmful. Next, you'll be asked to provide more information about the issue you're reporting.</p>
<p>Video-hosting Sites: It is possible to get content taken down from video-hosting sites, though the content will need to be illegal or have broken the terms of service of the site in other ways. On YouTube, perhaps the most well-known of such sites, it is possible to report content to the site provider as inappropriate. In order to do this, you will need to create an account (this is free) and log in, and then you will have the option to 'flag content as inappropriate'. The option to flag the content is under the video content itself. YouTube provides information on what is considered inappropriate in its terms of service. See www.youtube.com/t/terms</p>	

<p>Instant Messenger (e.g., Windows Live Messenger or MSN Messenger): It is good practice for Instant Messenger (IM) providers to have visible and easy-to-access reporting features on their service. Instant Messenger providers can investigate and shut down any accounts that have been misused and clearly break their terms of service. The best evidence for the service provider is archived or recorded conversations, and most IM providers allow the user to record all messages.</p>	<p>MSN: When in Windows Live Messenger, clicking the 'Help' tab will bring up a range of options, including 'Report Abuse' and there is also an online feedback form at: http://support.msn.com/default.aspx?mkt=en-gb to report on a range of products including MSN Messenger.</p>
	<p>Yahoo!: When in Yahoo! Messenger, clicking the 'Help' tab will bring up a range of options, including 'Report Abuse'.</p>
<p>Chatrooms, individual website owners / forums, message board hosts: It is good practice for chat providers to have a clear and prominent reporting mechanism to enable the user to contact the service provider. Users that abuse the service can have their account deleted. Some services may be moderated, and the moderators will warn users posting abusive comments or take down content that breaks their terms of use.</p>
