13th May 2021

Dear Parent(s)/Guardian(s),

As your sons and daughters work their way through the latest Assessments Windows, I want to commend them on how hard they are working and how well they are coping with the pressure. We are very proud of them.

I am writing to you to let you know that the majority of Year 11 and Y13 will **NOT** be required to be in attendance at school after May half term. There are some students who have pre-arranged assessments during this week and they will continue to work with individual departments. The remaining students will need to be **'at home and available' until Friday 18th June** should we need to bring them in to complete any practical work, or discuss any queries with them prior to the final submission of grades to the awarding bodies.

We will hold celebration assemblies with the students in the final week of the half-term and try and give some recognition to these fantastic young people, so that even though it's not a "normal" last week, it is a last week with the love, care and credit that they deserve.

In the meantime, we are here to support your sons and daughters if they need it, we urge them to persevere with their hard work and we look forward to working with them in these last few weeks, closing off these assessments and setting up for a summer where they can enjoy some of the normal relaxation and celebrations that they have earned.

Yours sincerely,

Ms M Roberts
