

Music Curriculum Map

Music offers a varied curriculum designed to **engage and inspire passion for the subject**. Giving Students the opportunity to explore practical music making and theoretical concepts, enabling students to **master key skills and secure detailed knowledge**.

Music provides subject specific skills and knowledge as well as personal development from KS3 to KS4, leading to **further education or a professional career within the Creative sector**.

At St Joseph's College there are two music pathways at KS4; traditional **GCSE Music** and vocational **Performing Arts (music)**. Throughout both pathways students will develop their ability to appraise, perform and compose music as well as building upon their theoretical knowledge through written and listening tasks. Students will explore a range of genres, artists, composers, performance and composition styles and learn how to apply key knowledge to practical musicianship.
